Response to Amendment

1. Applicant's amendment and arguments of December 24, 2008 have been entered.
2. Applicant's arguments have been considered but are moot in view of the new ground(s) of rejection.
3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Rejections - 35 USC § 103

4. Claims 1, 2, 8, 9, 12, and 32 rejected under 35 U.S.C. 103(a) as being unpatentable over O'Hare.

O'Hare discloses a shower head comprising: a housing and a water inlet 22; a jet disk 30, wherein the disk 30 has apertures from which jets exit; an aerator comprising a hub 26 with an axial passage 20 through which air intake takes place from the front face of the jet disk, wherein the hub has at least one radial air conduit 34 in a vicinity of an end of the hub that is located upstream of the jet disk and faces an interior of the housing, and wherein the hub 26 has on an exterior of the hub axially arrayed guides 28 as recited. The hub 26 being centrally located in the disk 30 would have been a matter of design choice since the device will still function properly with such a modification. The jet guides being inclined and the shower head being configured for side mounting as recited in claims 12 and 32 would also have been matters of design choice.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
